APPROVAL OF STATE ENGINEER

This is to certify that I have examined the foregoing application, and do hereby grant the same, subject to the following limitations and conditions:

This permit to change the place of use of portion of the waters of an underground source as heretofore granted under Permit 31222 is issued subject to the terms and conditions imposed in said Permit 31222 and with the understanding that no other rights on the source will be affected by the change proposed herein. The well shall be equipped with a 2-inch opening and a totalizing meter must be installed and maintained in the discharge pipeline near the point of diversion and accurate measurements must be kept of water placed to beneficial use. The totalizing meter must be installed before any use of the water begins or before the proof of completion of work is filed. If the well is flowing, a valve must be installed and maintained to prevent waste. This source is located within an area designated by the State Engineer pursuant to NRS 534.030. The State retains the right to regulate the use of the water herein granted at any and all times.

The total combined duty of water under Permits 38624 and 38625 shall not exceed 36.135 million gallons annually.

The total combined duty of water under Permits 31222, 31223, 38624 and 38625 shall not exceed 73.0 million gallons annually.

At least one ground water monitor well is to be installed within the place of use at a location satisfactory to the State Engineer. The monitor well must be suitably cased, perforated, sealed, and capped and must penetrate at least 75 feet below the water table.

The amount of water to be changed shall be limited to the amount which can be applied to beneficial use, and not to exceed..... 1.32 ..... cubic feet per second, but not to exceed 36.135 million gallons annually.....

Work must be prosecuted with reasonable diligence and be completed on or before..... December 16, 1980

Proof of completion of work shall be filed before..... January 16, 1981

Application of water to beneficial use shall be made on or before..... December 16, 1983

Proof of the application of water to beneficial use shall be filed on or before..... January 16, 1984
