I Robert W. Millard, being first duly sworn, depose and say that this map, consisting of one sheet has been correctly drawn to the designated scale from field notes of a survey made under my supervision and direction between the 26th day of April 1983 and the 29th day of April 1983; that it truly and correctly represents the original point of diversion and original place of use under Permit 40431 and the proposed point of diversion and place of use and extent of the works used to divert water from an underground source in Churchill County by Peter Sidlow for irrigation purposes. That the proposed point of diversion, the approximate location and size of the diverting channel, all reservoirs or basins, the location and names of all other works which will cross or connect with the proposed works, and the boundary of all lands, showing by 40-acre subdivisions the areas proposed to be irrigated, are fully and correctly designated thereon.

Robert W. Millard
State Water Right Surveyor No 215
