.....APPROVAL.....OF STATE ENGINEER

This is to certify that I have examined the foregoing application, and do hereby grant the same, subject to the following limitations and conditions:

.....This permit is issued subject to all existing rights on the source.....
It is understood that the amount of water herein granted is only a
.....temporary allowance and that the final water right obtained under this.....
permit will be dependent upon the period of use and the average number
.....of livestock served from the waters of this source. It is further.....
understood that this right must allow for a reasonable lowering of the
.....static water level at permittee's well due to any other ground water
development in the area. The well shall be equipped with a 2-inch
.....opening for measuring depth to water. If well is flowing, a valve must
be installed and maintained to prevent waste. The State retains the
.....right to regulate the use of the water herein granted at any and all.....
times but does not take responsibility for the use of the Federal range.
.....This Permit does not extend the permittee the right of ingress and
egress on public, private or corporate lands.
.....The issuance of this permit does not waive the requirements that
the permit holder obtain other permits from State, Federal, and local
.....agencies.....
