I, Lawrence A. Bogdon, being first duly sworn, depose and say that this map has been correctly drawn to the designated scale from various maps, records and field notes of a survey made under my direction between August 1982 and June 1985; that it truly and correctly represents the location and extent of the works used to divert water from Steamboat Creek, Galena Creek, Washoe Lake and tributaries, in the County of Washoe, by Washoe County for quasi-municipal purposes. That the approximate location and size of the diverting channel, all reservoirs or basins, the locations and names of all other works which will cross or connect with the proposed works, and the boundary of all lands, showing by 40 acre subdivisions the existing place of use, are fully and correctly designated thereon.
