- 11. Estimated time required to complete the application to beneficial use..... 180 days

12. Remarks: For use other than irrigation or stock watering, state number and type of units to be served or annual consumptive use.

Because of the installation of the pipeline shown on the map, it is estimated that substantial amounts of water will become available, because there will be no ditch loss when the pipeline is used. This is the water being applied for. Also, this application includes certain lands with water rights under Proof 1703 of the Rice Creek Decree. To the extent these lands receive water under the Decree this application supplements the Decree.
