I, H. H. Sheldon, being first duly sworn, depose and say that this map, consisting of one sheet, has been correctly drawn to the designated scale from field notes of a survey made by me on the 27th day of October, 1927; that it truly and correctly represents the location and extent of the proposed works used to divert water from Little Indian Spring in Washoe County by Ed Van Riper for stock watering purposes. That the point of diversion, the location and size of ditch, the place and manner of use, and the location and names of all other works or streams which are crossed by, or connected with the said works, are fully and correctly designated thereon.

H. H. Sheldon
State Water Right Surveyor.
