APPROVAL OF STATE ENGINEER

This is to certify that I have examined the foregoing application, and do hereby grant the same, subject to the following limitations and conditions:

This permit is issued subject to all existing rights on the source. It is understood that the amount of water herein granted is only a temporary allowance and that the final water right obtained under this permit will be dependent upon the period of use and the average number of livestock served from the waters of this source.

This permit does not extend the permittee the right of ingress and egress on public, private or corporate lands.

The issuance of this permit does not waive the requirements that the permit holder obtain other permits from State, Federal and local agencies.

The point of diversion and place of use are as described under items 5 and 7, respectively, on the submitted application to support this permit.

The amount of water to be appropriated shall be limited to the amount which can be applied to beneficial use, and not to exceed 0.025 cubic feet per second, or sufficient to water 222 head of cattle, 420 head of sheep and 139 head of wild horses.

Work must be prosecuted with reasonable diligence and proof of completion of work shall be filed on or before:

August 23, 2008

Water must be placed to beneficial use and proof of the application of water to beneficial use shall be filed on or before:

August 23, 2010

Map in support of proof of beneficial use shall be filed on or before:
