I, H.H. Sheldon, being first duly sworn, depose and say that this map, consisting of one sheet, has been correctly drawn to the designated scale from the field notes of a survey made by me on the 14th day of September, 1927; that it truly and correctly represents the location and extent of the works used to divert water from Coyote Spring, in Washoe County, by Lena Harkey Scott for stockwatering purposes; that the point of diversion, the place and manner of use and the location and names of all other works or streams which are crossed by or connected with the said works, are fully and correctly designated thereon.
