
STATE OF NEVADA,
COUNTY OF WASHOE } S.S.

I, Grant A. Engstrom, being first duly sworn, depose and say that this map, consisting of two sheets, numbered from 1 to 2, inclusive, has been correctly drawn to the designated scale from field notes of a survey made under my supervision and direction between the 15th day of November, and the 18th day of November, 1978; that it truly and correctly represents the proposed location and extent of the works used to divert water from Hardscrabble Creek, in Washoe County, by Michael F. Lintner for irrigation purposes. That all other works or streams which are crossed by or connected with said works, and the boundary, area and kind of culture of lands irrigated, are correctly shown and designated hereon.

Grant A. Engstrom, State Water Right Surveyor

Subscribed and sworn to before me this 28th day of November, 1978. Notary Public in and for Washoe County, Nevada.
