Gentlemen:

This letter is to inform you of the plugging process of the well located on the NW 1/4 of the NW 1/4 Sec 32, T17N, R20E in Washoe County. This well is a 4" well, since our pipe would not fit and no tools could be obtained to perforate the casing, we did as instructed by Jim Enloe of the Division of Water Resources. We filled the hole entirely with neat cement. The well is 140 feet deep. We mixed neat cement with 6 gallons water per bag.

Sincerely,

Derild Parsons
