NOTE—Failure to record in the county in no way invalidates a water right, but if ditch or right was so recorded, supply full information under (19)

(19) *The map provided by the State Engineer and attached hereto as a part of this proof is hereby accepted as correctly showing the ditch lines or irrigation works diverting or conveying the water claimed and the lands irrigated.*

(20) *Water from the source given and through the works described is also used for the following purposes other than irrigation:* stock water

(21) *The character of the soil is* Sandy Loam (Sandy, gravelly, loam) *The soil needs* 4.5 *acre-feet per annum to properly irrigate the crops. A continuous flow of* 1.24 *cubic feet of water per second, during the irrigation season of* 6 *months, is needed to irrigate each 100 acres of land.*

(22) *Remarks:*

Vineyard Land & Stock Company was formerly the owner and appropriator of this water right; but on December 24, 1921 it conveyed, assigned and transferred the same, together with all the land to which the same is appurtenant, and all of its property of every sort to The Utah Construction Company, which is the present owner and claimant of the said water and water right. Vineyard Land & Stock Company had its charter revoked by operation of law in April, 1923. The undersigned Warren L. Wattis was a director and secretary ~~and treasurer~~ of Vineyard Land & Stock Company at the time of and long prior to its dissolution and is the secretary and treasurer of the Utah Construction Company.

Warren L. Wattis
