of Application Number .....**72855**....., filed on .....**May 26**....., 2005.....

by .....**Aqua Trac, LLC**.....to appropriate the

waters of ..... **UNDERGROUND**.....situated in .....**Pershing**.....
Underground or name of stream, lake, spring or other source

County, State of Nevada, for the following reasons and on the following grounds, to wit:

The point of diversion specified in this application is located on, or immediately adjacent to, public land. To date the applicant has not sought, nor have they received, authorization from the Bureau of Land Management to conduct these activities on public land. Aqua Trac LLC has cumulatively filed numerous water right applications in this same vicinity for a large volume of water. The Bureau of Land Management is concerned that these applications are speculative in nature, and if granted, there may be significant impacts to public land. These impacts could include: loss of scarce surface water resources (including Public Water Reserves), loss or degradation of previously granted appropriative rights held by the Bureau of Land Management and degradation of wildlife and wild horse habitat. In the event that these applications are not speculative then Aqua Trac, LLC will be required to apply for and be granted a right-of-way for their transmission line(s) and infrastructure.

THEREFORE the Protestant requests that the application be **Denied, pending further information and action**..... .....
Denied, issued subject to prior rights, etc., as the case may be

and that an order be entered for such relief as the State Engineer deems just and proper.
