Street No. or PO Box, City, State and ZIP Code

whose occupation is agriculture and protests the granting

of Application Number 79884 T, filed on 6-4, 2010

by City of Fernley to appropriate the

waters of Truckee River (Truckee Canal) situated in Lyon County
Underground or name of stream, lake, spring or other source

County, State of Nevada, for the following reasons and on the following grounds, to wit: The newlands project is realizing an adverse impact upon it's viability as a result of the incremental transfers of water from within the project to outside of the project. The reclamation act does not allow for project waters to transfer outside of a project. My research does not find any subsequent legislation that overrides this provision. This application is in violation of complying with the purpose and intent of Temporary Water Transfers.

THEREFORE the Protestant requests that the application be Denied
Denied, issued subject to prior rights, etc., as the case may be

and that an order be entered for such relief as the State Engineer deems just and proper.
