APPROVAL OF STATE ENGINEER

This is to certify that I have examined the foregoing application, and do hereby grant the same, subject to the following limitations and conditions:

This permit to change the point of diversion of the waters of an underground source as heretofore granted under Permit 44137 is issued subject to the terms and conditions imposed in said Permit 44137 and with the understanding that no other rights on the source will be affected by the change proposed herein. The well shall be equipped with a 2-inch opening and a totalizing meter must be installed and maintained in the discharge pipeline near the point of diversion and accurate measurements must be kept of water placed to beneficial use. The totalizing meter must be installed before any use of the water begins or before the proof of completion of work is filed. If the well is flowing, a valve must be installed and maintained to prevent waste. This source is located within an area designated by the State Engineer pursuant to NRS 534.030. The State retains the right to regulate the use of the water herein granted at any and all times.

The total combined duty of water under Permits 42791, 42792, 42795, 42798, 42799, 42800, 42801, 43685 and 48105 shall not exceed 547.5 million gallons annually and the total number of residential units to be served by these permits shall not exceed 1500 units.

At least two groundwater monitoring wells are to be installed within the place of use of the Indian Hills General Improvement District at locations approved by the State Engineer. The two monitoring wells must be suitably cased, perforated, sealed and capped and must penetrate at least 75 feet below the water table.

The amount of water to be changed shall be limited to the amount which can be applied to beneficial use, and not to exceed 1.0 cubic feet per seconds, but not to exceed 236.0 million gallons annually.

Work must be prosecuted with reasonable diligence and be completed on or before January 1, 1986

Proof of completion of work shall be filed before February 1, 1986

Application of water to beneficial use shall be made on or before January 1, 1988

Proof of the application of water to beneficial use shall be filed on or before February 1, 1988

Map in support of proof of beneficial use shall be filed on or before February 1, 1988

Completion of work filed FEB 21 1986 IN TESTIMONY WHEREOF, I PETER G. MORROS

Proof of beneficial use filed my office, this 14TH day of JANUARY
