APPROVAL OF STATE ENGINEER

This is to certify that I have examined the foregoing application, and do hereby grant the same, subject to the following limitations and conditions:

This permit is issued subject to all existing rights on the source. It is understood that the 2.1 c.f.s., herein granted is only a temporary allowance and that the final water right obtained under this permit will be dependent upon the amount of water recharged.

The filing of the proof of beneficial use under this permit must include a copy of the recorded subdivision maps for the below mentioned phases of Rye Patch Ranch Estates and/or Humboldt River Ranch.

A suitable measuring device must be installed and accurate measurements of the water recharged must be included in the proof of such use when filed. In addition monthly records must be kept of the amount of water measured at the point of diversion and those records submitted to the State Engineer on an annual basis no later than January 30 of each year. The State retains the right to regulate the use of the water herein granted at any and all times.

(CONTINUED ON PAGE 2)

The amount of water to be appropriated shall be limited to the amount which can be applied to beneficial use, and not to exceed 2.1 cubic feet per second.

Work must be prosecuted with reasonable diligence and be completed on or before March 1, 2001

Proof of completion of work shall be filed on or before April 1, 2001

Application of water to beneficial use shall be made on or before March 1, 2009

Proof of the application of water to beneficial use shall be filed on or before April 1, 2009

(PERMIT TERMS CONTINUED)

This permit does not extend the permittee the right of ingress and egress on public, private or corporate lands.

The issuance of this permit does not waive the requirements that the permit holder obtain other permits from State, Federal and local agencies.

The total combined duty of water under Permits 19688, Certificate 6945; 27944, Certificate 8526; 27945, Certificate 8838; 48514; 48515; 48516; 48517; 48518; 48519; 48980; 48981; 48982; and 61723 shall not exceed 5,024.31 acre-feet annually.

This permit is issued with the understanding that no consumptive use of this water is allowed and no alteration of the stream channel may be made. The beneficial use of the water granted herein shall not be diverted from its natural channel to allow for the recharge of the groundwater basin. The beneficial use of water of this permit will be as a result of the withdrawal of water from the domestic wells approved under the subdivision maps of Rye Patch Ranch Estates Phase A (511 lots); Rye Patch Ranch Estates - Phase B (129 lots); Rye Patch Ranch Estates - Phase C (348 lots); Humboldt River Ranch - Phase D (225 lots); Humboldt River Ranch - Phase E (349 lots); Humboldt River Ranch - Phase F (226 lots); and Humboldt River Ranch - Phase G (356 lots).
