WELLS, NEVADA 89835

Mike Turnbiseed
State Engineer
Division of Water Resources
123 W Nye Lane
Carson City, Nevada 89706-0818

Dear Mike:

Two "stock wells" (dry holes) were drilled for Von Sorensen under permit number 51330 and waiver #W-347. Both have been abandoned; methods and descriptions are as follows:

NE SW 1/4 SW 1/4 Sec 35 T33N R61E 10-11-91
10" diameter, 300 ft deep - backfilled with Tower plug (coarse bentonite and sand) up to 50 ft. From 50 ft. to surface - concrete.

Basin 177
Log # 84187

SE SE 1/4 SW 1/4 Sec 35 T33N R61E
10" diameter from 0'-85'; 8" diameter from 85'-130'
Backfilled with cuttings up to 50 ft. From 50 ft. to surface - concrete.

Log # 84188

Sincerely,

R.D. REYNOLDS
