APPROVAL OF STATE ENGINEER

This is to certify that I have examined the foregoing application, and do hereby grant the same, subject to the following limitations and conditions:

This secondary permit is issued subject to the terms and conditions under Permit 48840. The granting of this secondary permit is not intended in any way to waive or affect authority or requirements of water quality control agencies or regulations. This permit is further issued subject to the provisions of NRS 533.440 and the State retains the right to regulate the use of the water herein granted at any and all times. This secondary permit is issued subject to existing rights.

Monthly records shall be kept of the amount of water diverted from this source and the records submitted to the State Engineer on an annual basis within 15 days after the end of each calendar year.

This secondary permit does not extend the permittee the right of ingress and egress on public, private or corporate lands.

The issuance of this secondary permit does not waive the requirements that the permit holder obtain other permits from State, Federal and local agencies.

A measuring Device must be installed at locations approved by the State Engineer and measurements of water kept.

The point of diversion and place of use are as described on the submitted application to support this permit.
