Returned to applicant for correction

Corrected application filed

Map filed

The applicant Nevada Power Company

P.O. Box 230, of Las Vegas, Nevada

hereby make application for permission to appropriate the public waters of the State of Nevada, as hereinafter stated.

Incorporated in 1929 in the State of Nevada

1. The source of the proposed appropriation is from underground source

2. The amount of water applied for is none (exploratory only) second-feet

(a) If stored in reservoir give number of acre-feet

3. The water to be used for Industrial (cooling) purposes

4. If use is for:

(a) Irrigation, state number of acres to be irrigated

(b) Stockwater, state number and kinds of animals to be watered

(c) Other use (describe fully under "No. 12. Remarks" X

(d) Power:

(1) Horsepower developed

(2) Point of return of water to stream

5. The water is to be diverted from its source at the following point

SW 1/4 SW 1/4, Section 13, T12S, R65E, M.D.M. Not surveyed.

6. Place of use Not Applicable -- the diverted water will be used only for sampling, well development, or pump testing

7. Use will begin about Not Applicable and end about Not Applicable, of each year.

8. Description of proposed works. (Under the provisions of NRS 535.010 you may be required to submit plans and specifications of your diversion or storage works.) 5 inch borehold finished off as a 2 inch monitoring well or a 6 or 12 inch test well.

9. Estimated cost of works \$15,000

10. Estimated time required to construct works Construction will begin in July 1985 and will be completed by July 1986.
If well completed, describe works.

11. Estimated time required to complete the application of water to beneficial use Not Applicable

12. Remarks: For use other than irrigation or stock watering, state number and type of units to be served or annual consumptive use.

This application is for an exploratory hole in an area that has been designated under the provisions of Chapter 534 NRS. The nominal 5 inch holes will be drilled to depths up to 2500 feet and converted to observation wells with 2 inch Schedule 40 PVC casing or finished off as test wells having 6 inch or 12 inch diameter carbon steel casing.
