This is to certify that I have examined the foregoing application, and do hereby grant the same, subject to the following limitations and conditions:

This permit to change the point of diversion of the waters of an underground source as heretofore granted under Permit 73559 is issued subject to the terms and conditions imposed in said Permit 73559 and with the understanding that no other rights on the source will be affected by the change proposed herein. The totalizing meter must be installed before any use of the water begins or before the proof of completion of work is filed.
