APPROVAL OF STATE ENGINEER

This is to certify that I have examined the foregoing application, and do hereby grant the same, subject to the following limitations and conditions:

This permit to change the point of diversion of the waters of an underground source as heretofore granted under Permit 45708 is issued subject to the terms and conditions imposed in said Permit 45708 and with the understanding that no other rights on the source will be affected by the change proposed herein. The well shall be equipped with a 2-inch opening and a totalizing meter must be installed and maintained in the discharge pipeline near the point of diversion and accurate measurements must be kept of water placed to beneficial use. The totalizing meter must be installed before any use of the water begins or before the proof of completion of work is filed. If the well is flowing, a valve must be installed and maintained to prevent waste. This source is located within an area designated by the State Engineer pursuant to NRS 534.030. The State retains the right to regulate the use of the water herein granted at any and all times.

This permit does not extend the permittee the right of ingress and egress on public, private or corporate lands.

No perforations shall be put in the production casing from ground level to 100 feet.

The total combined duty of water under Permits 45706, 45707, 49948 and 49949 shall not exceed 325.8 million gallons annually.

CONTINUED ON PAGE 2

The amount of water to be changed shall be limited to the amount which can be applied to beneficial use, and not to exceed 2.0 cubic feet per second, but not to exceed 325.8 million gallons annually

Work must be prosecuted with reasonable diligence and be completed on or before DECEMBER 21, 1986

Proof of completion of work shall be filed before JANUARY 21, 1987

Application of water to beneficial use shall be made on or before DECEMBER 21, 1988

Proof of the application of water to beneficial use shall be filed on or before JANUARY 21, 1989

Map in support of proof of beneficial use shall be filed on or before \_\_\_\_\_

Completion of work filed JUN 15 1987 IN TESTIMONY WHEREOF, I PETER G. MORROS,  
State Engineer of Nevada, have hereunto set my hand and the seal of

Proof of beneficial use filed JUN 01 2000 my office, this 9th day of OCTOBER,

State Engineer

PERMIT TERMS CONTINUED

The total combined diversion rate of permits 45706, 45707, 49948 and 49949 shall be limited to 3.35 cubic feet per second. The issuance of this permit is subject to the terms and conditions of the State Engineer's Ruling issued on August 30, 1983.

The issuance of this permit does not waive the requirements that the permit holder obtain other permits from State, Federal and local agencies.
