APPROVAL OF STATE ENGINEER

This is to certify I have examined the foregoing application, and do hereby grant the same, subject to the following limitations and conditions:

This permit to change the point of diversion of the waters of Peavine Creek and underground as heretofore granted under Permit 18973 is issued subject to the terms and conditions imposed in said Permit 18973 and with the understanding that no other rights on the source will be affected by the change proposed herein. A substantial headgate and measuring device must be installed and maintained to facilitate the measurement and control of water. The State reserves the right to regulate the use of the water under this proposed change at any and all times.

This Permit does not extend the permittee the right of ingress and egress on public, private or corporate lands.

The issuance of this permit does not waive the requirements that the permit holder obtain other permits from State, Federal and local agencies.

The amount of water to be changed shall be limited to the amount which can be applied to beneficial use, and not to exceed 4.7 cubic feet per second, but not to exceed 787.88 acre-feet annually.

Work must be prosecuted with reasonable diligence and be completed on or before November 8, 1989

Proof of completion of work shall be filed before December 8, 1989

Application of water to beneficial use shall be made on or before November 4, 1990

Proof of the application of water to beneficial use shall be filed on or before December 8, 1990

Map in support of proof of beneficial use shall be filed on or before December 8, 1990
