APPROVAL OF STATE ENGINEER

This is to certify that I have examined the foregoing application, and do hereby grant the same, subject to the following limitations and conditions:

This permit is issued subject to existing rights. It is understood that the amount of water herein granted is only a temporary allowance and that the final water right obtained under this permit will be dependent upon the amount of water actually placed to beneficial use. It is also understood that this right must allow for a reasonable lowering of the static water level. This well shall be equipped with a two (2) inch opening for measuring depth to water. If the well is flowing, a valve must be installed and maintained to prevent waste. A totalizing meter must be installed and maintained in the discharge pipeline near the point of diversion and accurate measurements must be kept of water placed to beneficial use. The totalizing meter must be installed before any use of water begins or before the Proof of Completion of Work is filed.

This Permit does not extend the permittee the right of ingress and egress on public, private or corporate lands.

The issuance of this permit does not waive the requirements that the permit holder obtain other permits from State, Federal and local agencies.

Any water obtained from dewatering shall be used first in the mining and milling operation. Any other water from this permit can be used at the place of use (CONTINUED ON PAGE 2)

The amount of water to be appropriated shall be limited to the amount which can be applied to beneficial use, and not to exceed..... 0.5.....cubic feet per second... but not to exceed 362 acre-
.....feet annually.....

Work must be prosecuted with reasonable diligence and be completed on or before..... December 10, 1991.....

Proof of completion of work shall be filed on or before..... January 10, 1992.....

Application of water to beneficial use shall be made on or before..... December 10, 1993.....

Proof of the application of water to beneficial use shall be filed on or before..... January 10, 1994.....

Map in support of proof of beneficial use shall be filed on or before..... January 10, 1994.....

Completion of work filed..... MAR 3 1992..... IN TESTIMONY WHEREOF, I, R. MICHAEL TURNIPSEED, P.E.,

Proof of beneficial use filed..... State Engineer of Nevada, have hereunto set my hand and the seal of my
office, this..... 10th.....day of..... December.....

(PERMIT TERMS CONTINUED)

described on the permit provided the permittee obtains the necessary permits from the Nevada Division of Environmental Protection to discharge to any surface source and authorization from the land owner to use this water at the place of use.

At the cessation of dewatering this permit shall expire and no further use of the water shall be made.

A monthly report shall be submitted to the State Engineer within 10 days from the end of each month which shall include the amount of water pumped from this permit and all other permits for mining and milling purposes. This report shall include the amount of water used in the mining and milling processes and the amount of water sent to the drainage channel ultimately to be used for irrigation.
