APPROVAL OF STATE ENGINEER

This is to certify that I have examined the foregoing application, and do hereby grant the same, subject to the following limitations and conditions:

This permit to change the point of diversion and place of use of the waters of an underground source as heretofore granted under Permit 47551 is issued subject to the terms and conditions imposed in said Permit 47551 and with the understanding that no other rights on the source will be affected by the change proposed herein.

This Permit does not extend the permittee the right of ingress and egress on public, private or corporate lands.

The issuance of this permit does not waive the requirements that the permit holder obtain other permits from State, Federal and local agencies.

The place of use is limited to the irrigation of one acre within the place of use and must be specifically described when filing the Proof of Beneficial Use.

The amount of water to be changed shall be limited to the amount which can be applied to beneficial use, and not to exceed 0.025 cubic feet per second, but not to exceed 4.0 acre-feet annually and not to exceed a yearly duty of 4.0 acre-feet per acre of land irrigated from any and/or all sources.

Work must be prosecuted with reasonable diligence and be completed on or before August 2, 1989

Proof of completion of work shall be filed before September 2, 1989

Application of water to beneficial use shall be made on or before August 2, 1990

Proof of the application of water to beneficial use shall be filed on or before September 2, 1990

Map in support of proof of beneficial use shall be filed on or before September 2, 1990
