Dear Michael Turnupseed,

An old 6" storkwell 102 feet deep was abandoned on 7-30-92. (SW1/4, SW1/4, Sec. 26, T 38, R 62, permit #38136) A Hulte down hole perforator was used to cut 4 rows of perforations from ground level to 100 feet. After perforating, we secured onto the casing and pulled out 42 feet. The whole was then filled with grout.

Sincerely,

Ray Reynolds
