..... APPROVAL..... OF STATE ENGINEER

This is to certify that I have examined the foregoing application, and do hereby grant the same, subject to the following limitations and conditions:

This permit to change the place of use of the waters of an underground source as heretofore granted under Permit 40580 is issued subject to the terms and conditions imposed in said Permit 40580 and with the understanding that no other rights on the source will be affected by the change proposed herein. The well shall be equipped with a 2-inch opening and a weir or other type of measuring device at or near the well to facilitate the measurement and control of the water. If well is flowing, a valve must be installed and maintained to prevent waste. The State reserves the right to regulate the use of the water under this proposed change at any and all times.

This Permit does not extend the permittee the right of ingress and egress on public, private or corporate lands.

The issuance of this permit does not waive the requirements that the permit holder obtain other permits from State, Federal and local agencies.

The issuance of this permit totally abrogates Permit 40580.

The amount of water to be changed shall be limited to the amount which can be applied to beneficial use, and not to exceed 4.9 cubic feet per second, but not to exceed 575.4 acre feet per season, or not to exceed a yearly duty of 4.0 acre feet per acre of land irrigated from any and/or all sources.

Work must be prosecuted with reasonable diligence and be completed on or before..... December 24, 1990

Proof of completion of work shall be filed before..... January 24, 1991

Application of water to beneficial use shall be made on or before..... June 24, 1991

Proof of the application of water to beneficial use shall be filed on or before..... July 24, 1991
