APPROVAL OF STATE ENGINEER

This is to certify I have examined the foregoing application, and do hereby grant the same, subject to the following limitations and conditions: This permit to change the place of use and manner of use of a portion of the waters of an underground source as heretofore granted under Permit 20678, Certificate 6918 is issued subject to the terms and conditions imposed in said Permit 20678, Certificate 6918 and with the understanding that no other rights on the source will be affected by the charge proposed herein. The issuance of this permit totally abrogates that portion of Permit 20678, Certificate 6918 in the name of William G. Anderson. The right being abrogated is appurtenant to 155 acres in the SE 1/4 Section 35 T21N R34E, MDB&M.

The amount of water to be changed shall be limited to the amount which can be applied to beneficial use, and not to exceed 0.865 cubic feet per second, but not to exceed 196.14 acre feet annually.
