..... APPROVAL..... OF STATE ENGINEER

This is to certify I have examined the foregoing application, and do hereby grant the same, subject to the following limitations and conditions:

This temporary permit to change the point of diversion and place of use of a portion of the waters of an underground source as heretofore granted under Permit 52354 is issued subject to the terms and conditions imposed in said Permit 52354 and with the understanding that no other rights on the source will be affected by the change proposed herein. The well shall be equipped with a 2-inch opening and a totalizing meter must be installed and maintained in the discharge pipeline near the point of diversion and accurate measurements must be kept of water placed to beneficial use. The totalizing meter must be installed before any use of the water begins or before the proof of completion of work is filed. If the well is flowing, a valve must be installed and maintained to prevent waste. This source is located within an area designated by the State Engineer pursuant to NRS 534.030. The State retains the right to regulate the use of the water herein granted at any and all times.

This temporary Permit does not extend the permittee the right of ingress and egress on public, private or corporate lands.

The issuance of this temporary permit does not waive the requirements that the permit holder obtain other permits from State, Federal and local agencies.

This temporary permit is issued subject to the water management plan and water management plan addendum among Barrick Goldstrike Mines, Inc.; Newmont Gold Company; and T S Ranch Joint Venture dated May 1, 1989.

Any water obtained as a result of the dewatering operation of Barrick Goldstrike (CONTINUED ON PAGE 2)

The amount of water to be changed shall be limited to the amount which can be applied to beneficial use, and not to exceed..... 0.25.....cubic feet per second, but not to exceed 35.04 million gallons annually.

Work must be prosecuted with reasonable diligence and be completed on or before.....

Proof of completion of work shall be filed before.....

Application of water to beneficial use shall be made on or before.....

Proof of the application of water to beneficial use shall be filed on or before.....

Map in support of proof of beneficial use shall be filed on or before.....

Completion of work filed.....

Proof of beneficial use filed.....

Cultural map filed.....

Certificate No..... Issued.....

IN TESTIMONY WHEREOF, I..... PETER G. MORROS  
State Engineer of Nevada, have hereunto set my hand and the seal of my  
office, this..... 7th day of..... February.....

## (PERMIT TERMS CONTINUED)

Mines, Inc. or Newmont Gold Company shall be used first by the permittee for mining, milling, heap leaching, drilling, road watering and other related mining and milling uses herein after referred to as mining and milling uses within the described place of use and prior to any use of the water authorized under Permits 49960, 50688, 50939, 51750, 51963, 52795, 52797, 52999, 53000, 53778-T, 53779-T, 54156-T, 54212-T, 54213-T, 54304-T, 54305-T, 54306-T and 54307-T.

The total amount of water under the above mentioned permits shall not exceed 2,000 million gallons annually.

The parties to the water management plan shall submit a monitoring plan to the State Engineer within three months after the issuance of this temporary permit. This plan must address all aspects of potential impacts resulting from any pumping of water including the dewatering of the pit area. The State Engineer retains the right to require the parties of the plan to cooperate in the funding of a hydrology study to be conducted by an independent third party.

The State Engineer retains the right to regulate the pumping from the dewatering project and/or any other groundwater withdrawals herein authorized to protect the public interest and existing rights.

A monthly report shall be submitted to the State Engineer within 10 days from the end of the month which shall include the amount pumped from each well and the amount used for each mining and milling purposes.

This temporary permit is issued pursuant to the provisions of NRS 533.345, Section 2 and will expire on February 6, 1991 at which time all rights herein granted shall revert to the right being changed by this temporary permit.
