APPROVAL OF STATE ENGINEER

This is to certify that I have examined the foregoing application, and do hereby grant the same, subject to the following limitations and conditions:

This permit to change the point of diversion and place of use of a portion of the waters of Quinn Canyon Springs as heretofore granted under Permit 1433, Certificate 105 is issued subject to the terms and conditions imposed in said Permit 1433, Certificate 105 and with the understanding that no other rights on the source will be affected by the change proposed herein. A measuring device must be installed and measurements of water use kept.

This permit does not extend the permittee the right of ingress and egress on public, private or corporate lands.

This permit is subject to the condition that the permittee must ensure that wildlife which have customarily used such water will have access thereto, NRS 533.367.

The issuance of this permit does not waive the requirements that the permit holder obtain other permits from State, Federal and local agencies.

The amount of water to be changed shall be limited to the amount which can be applied to beneficial use, and not to exceed 0.0062 cubic feet per second, or sufficient water for 200 head of cattle.

Work must be prosecuted with reasonable diligence and be completed on or before April 9, 1996

Proof of completion of work shall be filed before May 9, 1996

Application of water to beneficial use shall be made on or before April 9, 1997

Proof of the application of water to beneficial use shall be filed on or before May 9, 1997

Map in support of proof of beneficial use shall be filed on or before N/A

Completion of work filed JUN 13 1996

Proof of beneficial use filed JUN 27 1997
