

APPLICATION FOR PERMISSION TO CHANGE POINT OF DIVERSION, MANNER OF USE AND PLACE OF USE OF THE PUBLIC WATERS OF THE STATE OF NEVADA HERETOFORE APPROPRIATED

Date of filing in State Engineer's Office JUL 16 1990

Returned to applicant for correction

Corrected application filed Map filed JUL 16 1990

The applicant Bently Nevada Corporation

P.O. Box 157 of Minden Nevada 89423

hereby make application for permission to change the

Place of Use

of water heretofore appropriated under Permit 52065

Identify right in Decree.

1. The source of water is Underground

2. The amount of water to be changed 0.223 CFS

3. The water to be used for Dewatering for environmental control

4. The water heretofore permitted for Dewatering for environmental control

5. The water is to be diverted at the following point within the NW 1/4 SE 1/4 Section 8, T.13N.,

R.20E., M.D.M. or at a point from which the Southwest corner of said Section 8,

T.13N., R.20E., bears S.53°23'28" W. a distance of 3513 feet (EX-7B).

6. The existing permitted point of diversion is located within

7. Proposed place of use See Exhibit A

8. Existing place of use within portions of the NW 1/4 NE 1/4 and SW 1/4 NE 1/4 of Section 8,

T.13N., R.20E., M.D.M.

9. Use will be from October 1 to September 30 of each year.

10. Use was permitted from October 1 to September 30 of each year.

11. Description of proposed works. (Under the provisions of NRS 535.010 you may be required to submit plans and

specifications of your diversion or storage works.) Well approximately 60 feet deep w/pump and motor; 6" casing; piping to a flow equalization tank and air stripping tower.

12. Estimated cost of works \$16,000 for well and pump already completed. Gravel packed 6" diameter well

13. Estimated time required to construct works screened from 71' to 41'.

14. Estimated time required to complete the application of water to beneficial use..... one year

15. Remarks: For use other than irrigation or stock watering, state number and type of units to be served or annual consumptive use:

This environmental control well is part of a remedial measure reviewed by NDEP.
Groundwater will be extracted from the shallow aquifer and treated by air
stripping. Treated water will be disposed of by discharging into irrigation
ditches within the proposed place of use.

APPROVAL OF STATE ENGINEER

This is to certify that I have examined the foregoing application, and do hereby grant the same, subject to the following limitations and conditions: This permit to change the place of use of the waters of an underground source as heretofore granted under Permit 52065 is issued subject to the terms and conditions imposed in said Permit 52065 and with the understanding that no other rights on the source will be affected by the change proposed herein. It is understood that the amount of water herein granted is only a temporary allowance for pollution control as mandated by orders issued by the Nevada Division of Environmental Protection and subsequent correspondence with said agency. The right will cease to exist upon termination of clean up activity as determined by the Nevada Division of Environmental Protection. A totalizing meter must be installed and maintained in the discharge pipeline near the point of diversion and records of the measurement shall be submitted on an annual basis. It is also understood that this right must allow for a reasonable lowering of the static water level of permittee's well due to other ground water development in the area. The well shall be equipped with a 2-inch opening for measuring depth to water. If the well is flowing, a valve must be installed and maintained to prevent waste. The State retains the right to regulate the use of water granted herein at any and all times.

This permit does not extend the permittee the right of ingress and egress on public, private or corporate lands.

The issuance of this permit does not waive the requirements that the permit holder obtain other permits from State, Federal and local agencies.

This permit is issued under the provisions of NRS 534.120(2) as a preferred use.

The total combined duty of water under Permits 55064, 55065, 55066, 55067, 55068, 55069 and 55070 shall not exceed 226.3 million gallons annually. The amount of water to be changed shall be limited to the amount which can be applied to beneficial use, and not to

exceed..... 0.223 cubic feet per second., but not to exceed 50 million
gallons annually.

Work must be prosecuted with reasonable diligence and be completed on or before..... April 5, 1992

Proof of completion of work shall be filed before..... May 5, 1992

Application of water to beneficial use shall be made on or before..... April 5, 1994

Proof of the application of water to beneficial use shall be filed on or before..... May 5, 1994

Map in support of proof of beneficial use shall be filed on or before..... N/A

Completion of work filed MAY 20 1992
Proof of beneficial use filed.....
Cultural map filed.....
Certificate No..... Issued.....

IN TESTIMONY WHEREOF, I, R. MICHAEL TURNIPSEED, P.E.
State Engineer of Nevada, have hereunto set my hand and the seal of my
office, this 5th day of April,

A.D. 1992

State Engineer
