APPROVAL OF STATE ENGINEER

This is to certify that I have examined the foregoing application, and do hereby grant the same, subject to the following limitations and conditions:

This temporary permit to change the place of use of the waters of the Truckee and Carson Rivers as set forth under the Newlands Reclamation Project rights in the imposed in said decrees and with the understanding that no other rights on the source will be affected by the change proposed herein.

This temporary permit is expressly contingent on the payment of the operation and maintenance charges that are properly assessed and come due the same as if the water right was still appurtenant to the agricultural land from which it is transferred, pursuant to NRS 533.370, subsection 1 (b).

This temporary permit is issued for the net consumptive use pursuant to Article VII in the United States of America vs. Alpine Land and Reservoir Company, et. al., D.C. No. D-183 BRT. The net consumptive use is determined to be 2.99 acre feet per acre of land removed from irrigation.

This temporary Permit does not extend the permittee the right of ingress and egress on public, private or corporate lands.

The issuance of this temporary permit does not waive the requirements that the permit holder obtain other permits from State, Federal and local agencies.

This temporary permit is issued pursuant to the provisions of NRS 533.345, Section 2 and will expire on October 11, 1991 at which time all rights herein granted shall revert to the right being changed by this temporary permit.

The amount of water to be changed shall be limited to the amount which can be applied to beneficial use, and not to exceed 3.21 cubic feet per second, but not to exceed 476.3 acre-feet as decreed.

Work must be prosecuted with reasonable diligence and be completed on or before \_\_\_\_\_

Proof of completion of work shall be filed before \_\_\_\_\_
