..... APPROVAL..... OF STATE ENGINEER

This is to certify that I have examined the foregoing application, and do hereby grant the same, subject to the following limitations and conditions:

This permit to change the place of use of the waters of Truckee River as heretofore granted under Permit 22931, Certificate 7118 is issued subject to the terms and conditions imposed in said Permit 22931, Certificate 7118 and with the understanding that no other rights on the source will be affected by the change proposed herein. A substantial headgate and measuring device must be installed and maintained to facilitate the measurement and control of water. The State reserves the right to regulate the use of the water under this proposed change at any and all times.

This Permit does not extend the permittee the right of ingress and egress on public, private or corporate lands.

The issuance of this permit does not waive the requirements that the permit holder obtain other permits from State, Federal and local agencies.

The amount of water to be changed shall be limited to the amount which can be applied to beneficial use, and not to exceed 0.50 cubic feet per second, and not to exceed 83.0 acre-feet as decreed, but not to exceed a seasonal duty of 4.0 acre-feet per acre of land irrigated from any and/or all sources.
