

APPLICATION FOR PERMIT TO APPROPRIATE THE PUBLIC WATERS OF THE STATE OF NEVADA

Date of filing in State Engineer's Office MAR 25 1991
Returned to applicant for correction MAY 13 1991
Corrected application filed MAY 28 1991
Map filed JUL 11 1991

The applicant CALNEV PIPE LINE COMPANY
P.O. Box 6346, of San Bernardino, California 92412

hereby make application for permission to appropriate the public waters of the State of Nevada, as hereinafter stated. (If applicant is a corporation, give date and place of incorporation; if a copartnership or association, give names of members.) Delaware, May 1959

1. The source of the proposed appropriation is Groundwater

2. The amount of water applied for is .049 (22 gpm) second-feet

(a) If stored in reservoir give number of acre-feet. Not applicable

3. The water to be used for Environmental Remediation UIC Permit #NEV 91011

4. If use is for: (a) Irrigation, state number of acres to be irrigated Not Applicable

(b) Stockwater, state number and kinds of animals to be watered Not Applicable

(c) Other use (describe fully under "No. 12. Remarks") Remediation

(d) Power: (1) Horsepower developed Not Applicable

(2) Point of return of water to stream Not Applicable

5. The water is to be diverted from its source at the following point Extraction well locations are within Township 19S, Range 62E, Section 33, NE 1/4 SE 1/4 of Section. Three wells from which the SE 1/4 corner of Section 33 bears (MW-10) survey, and by course and distance to a section corner. If on unsurveyed land, it should be so stated. S 11°-14'-35" E 1774.29', (MW-R8) S 11°-59'-39" E 1538.47' and (MW-13) S 23° 08' 48" E 1629.33'

6. Place of use Township 19S, Range 62E, Section 33, NE SE 1/4 of Section.

7. Use will begin about January 1 and end about December 31, of each year.

8. Description of proposed works. (Under the provisions of NRS 535.010 you may be required to submit plans and specifications of your diversion or storage works.) Groundwater to be extracted from three monitoring wells (MW-8, MW-10, MW-13) treated, and re-injected into monitoring well MW-4

9. Estimated cost of works Approximately \$250,000 for four wells, treatment system, pumps and piping

10. Estimated time required to construct works Four months  
If well completed, describe works.

11. Estimated time required to complete the application of water to beneficial use Unknown

12. Remarks: For use other than irrigation or stock watering, state number and type of units to be served or annual consumptive use.

Water will be extracted from three monitoring wells (MW-8, MW-10, and MW-13) treated for hydrocarbon contamination via air stripper and re-injection in monitoring well MW-4.

APPROVAL  
OF STATE ENGINEER

This is to certify that I have examined the foregoing application, and do hereby grant the same, subject to the following limitations and conditions:

This permit is issued subject to existing rights on the source. It is understood that the amount of water herein granted is only a temporary allowance for pollution control as mandated by orders issued by the Nevada Division of Environmental Protection and subsequent correspondence with said agency. The right will cease to exist upon termination of clean up activity as determined by the Nevada Division of Environmental Protection. A totalizing meter must be installed and maintained in the discharge pipeline near the point of diversion and records of this measurement shall be submitted on an annual basis. It is also understood that this right must allow for a reasonable lowering of the static water level of permittee's well due to other ground water development in the area. The well shall be equipped with a 2-inch opening for measuring depth to water. If the well is flowing, a valve must be installed and maintained to prevent waste. The State retains the right to regulate the use of water granted herein at any and all times.

This permit does not extend the permittee the right of ingress and egress on public, private or corporate lands.

The issuance of this permit does not waive the requirements that the permit holder obtain other permits from State, Federal and local agencies.

This permit is issued under the provisions of NRS 534.120(2) as a preferred use. The amount of water to be appropriated shall be limited to the amount which can be applied to beneficial use, and not to exceed

0.049 cubic feet per second, but not to exceed 11.56 million gallons annually.

Work must be prosecuted with reasonable diligence and be completed on or before June 7, 1992

Proof of completion of work shall be filed on or before July 7, 1992

Application of water to beneficial use shall be made on or before N/A

Proof of the application of water to beneficial use shall be filed on or before N/A

Map in support of proof of beneficial use shall be filed on or before N/A

Completion of work filed SEP 3 - 1992

Proof of beneficial use filed \_\_\_\_\_

Cultural map filed \_\_\_\_\_

Certificate No. \_\_\_\_\_ Issued \_\_\_\_\_

IN TESTIMONY WHEREOF, I, R. MICHAEL TURNIPSEED, P.E.  
State Engineer of Nevada, have hereunto set my hand and the seal of my

office, this 7th day of January

A.D. 19 92
