DENIAL OF STATE ENGINEER deny

This is to certify that I have examined the foregoing application, and do hereby deny the same, subject to the following limitations and conditions:

Applications 56374, 56375 and 56376 are denied on the grounds that the granting of these applications for appropriation of ground water in a basin where the water rights of record exceed the perennial yield would conflict with existing rights and threaten to prove detrimental to the public interest. No ruling is entered regarding the protests filed against Applications 56374 and 56375.

The amount of water to be appropriated shall be limited to the amount which can be applied to beneficial use, and not to exceed.....cubic feet per second.....

Work must be prosecuted with reasonable diligence and be completed on or before.....

Proof of completion of work shall be filed on or before.....

Application of water to beneficial use shall be made on or before.....

Proof of the application of water to beneficial use shall be filed on or before.....

Map in support of proof of beneficial use shall be filed on or before.....
