APPROVAL OF STATE ENGINEER

This is to certify that I have examined the foregoing application, and do hereby grant the same, subject to the following limitations and conditions:

This temporary permit to change a portion of the place of use of the waters of an underground source as heretofore granted under Permit 19734, Certificate 6434 is issued subject to the terms and conditions imposed in said Permit 19734, Certificate 6434 and with the understanding that no other rights on the source will be affected by the change proposed herein. The well shall be equipped with a 2-inch opening and a totalizing meter will be installed on the well discharge. Measurements must be kept of the water used on the place of use of Permit 19734, Certificate 6434 and on the place of use of Permit 57321-T. The totalizing meter must be installed before any use of the water begins or before the proof of completion of work is filed. If the well is flowing, a valve must be installed and maintained to prevent waste. This source is located within an area designated by the State Engineer pursuant to NRS 534.030. The State retains the right to regulate the use of the water herein granted at any and all times.

This temporary permit does not extend the permittee the right of ingress and egress on public, private or corporate lands.

The total combined duty of water under Permit 19734, Certificate 6434 and Permit 57321-T shall not exceed 2413.76 acre-feet annually.

(CONTINUED ON PAGE 2)

The amount of water to be changed shall be limited to the amount which can be applied to beneficial use, and not to exceed 5.4 cubic feet per second, but not to exceed 974 acre-feet annually, and not to exceed a yearly duty of 4.0 acre-feet per acre of land irrigated from any and/or all sources.

Work must be prosecuted with reasonable diligence and be completed on or before.....

Proof of completion of work shall be filed before.....

Application of water to beneficial use shall be made on or before.....

Proof of the application of water to beneficial use shall be filed on or before.....

Map in support of proof of beneficial use shall be filed on or before.....

Completion of work filed.....

Proof of beneficial use filed.....

Cultural map filed.....

Certificate No. .... Issued.....

IN TESTIMONY WHEREOF, I, R. MICHAEL TURNIPSEED, P.E. State Engineer of Nevada, have hereunto set my hand and the seal of my

office, this 29th day of April

A.D. 19 92  
[Signature]  
State Engineer

**TEMPORARY**

**TEMPORARY**

**EXPIRED**

**DATE APR 28 1993**

## (PERMIT TERMS CONTINUED)

The issuance of this temporary permit does not waive the requirements that the permit holder obtain other permits from State, Federal and local agencies.

This temporary permit is issued pursuant to the provisions of NRS 533.345 Section 2 and will expire on April 28, 1993 at which time all rights herein granted shall revert to the right being changed by this temporary permit.

Approval of Permit 57321-T is subject to any necessary approvals from the Walker River Irrigation District and appropriate ditch companies.

Any water diverted from the well in exchange for water diverted from the West Walker River shall be assessed a 10 percent reduction to account for conveyance loss. Coordination must be made with the Walker River Irrigation District as to when the well is pumped and as to the amount.

The total combined diversion rate under Permits 19734, Certificate 6434, and 57321-T shall not exceed 5.4 second feet.

A monthly report shall be submitted to the State Engineer within 10 days from the end of each month which shall include the amount of water pumped from each well and the amount of water used.

No irrigation of the land stripped by this permit is allowed from Permit 12372, Certificate 3667 or any other groundwater source.

The issuance of Permit 57321-T expires Permit 56200-T.
