The applicant..... ROCKWELL INTERNATIONAL CORPORATION, ROCKETDYNE DIVISION

6633 CANOGA AVENUE (JA16) of CANOGA PARK
Street and No. or P.O. Box No. City or Town

CA 91309-7922, hereby make.... application for permission to appropriate the public
State and Zip Code No.

waters of the State of Nevada, as hereinafter stated. (If applicant is a corporation, give date and place of incorporation; if a copartnership or association, give names of members.)..... 2201 SEAL BEACH BLVD., SEAL BEACH, CA 90740

1. The source of the proposed appropriation is..... UNDERGROUND ALLUVIAL AQUIFER
Name of stream, lake, spring, underground or other source

2. The amount of water applied for is..... 50 GPM.....second-feet
One second-foot equals 448.83 gals. per min.

(a) If stored in reservoir give number of acre-feet..... ENVIRONMENTAL

3. The water to be used for..... 2 (see item 2(a))
Irrigation, power, mining, manufacturing, domestic, or other use. Must limit to one use.

4. If use is for:

(a) Irrigation, state number of acres to be irrigated.....

(b) Stockwater, state number and kinds of animals to be watered.....

(c) Other use (describe fully under No. 12. "Remarks").....

(d) Power:

(1) Horsepower developed.....

(2) Point of return of water to stream.....

5. The water is to be diverted from its source at the following point..... within the SW $\frac{1}{4}$ of the SE $\frac{1}{4}$ of
Describe as being within a 40-acre subdivision of public
section 12 T.22N., R.21E., M.D.M. at a point from which the south $\frac{1}{4}$ corner of
survey, and by course and distance to a section corner. If on unsurveyed land, it should be so stated.
said section 12 bears south 12 $^{\circ}$ 42'25" west, 485.87 feet.

6. Place of use..... The E $\frac{1}{2}$ of Sec 12, T.22N, R.21E., M.D.M. and Sec 7, T.22N., R.22E.,
Describe by legal subdivision. If on unsurveyed land, it should be so stated.
M.D.M. The location of the recharge system will be determined during the
current remedial investigation and this information will be provided to the
State Engineer's Office.

7. Use will begin about..... January 1 and end about December 31, of each year.
Month and Day Month and Day

8. Description of proposed works. (Under the provisions of NRS 535.010 you may be required to submit plans and specifications of your diversion or storage works.)..... see attached schematic of well
State manner in which water is to be diverted, i.e. diversion structure, ditches and
construction
flumes, drilled well with pump and motor, etc.

- 9. Estimated cost of works..... \$15,000
- 10. Estimated time required to construct works..... one week
If well completed, describe works.
- 11. Estimated time required to complete the application of water to beneficial use..... one year

12. Remarks: For use other than irrigation or stock watering, state number and type of units to be served or annual consumptive use:

Groundwater Remediation Project - Refer to attached copy of NDEP Order dated May 3, 1991.

APPROVAL OF STATE ENGINEER

This is to certify that I have examined the foregoing application, and do hereby grant the same, subject to the following limitations and conditions:

This permit is issued subject to existing rights on the source. It is understood that the amount of water herein granted is only a temporary allowance for pollution control as mandated by orders issued by the Nevada Division of Environmental Protection and subsequent correspondence with said agency. A totalizing meter must be installed and maintained in the discharge pipeline near the point of diversion. It is also understood that this right must allow for a reasonable lowering of the static water level of permittee's well due to other ground water development in the area. The well shall be equipped with a 2-inch opening for measuring depth to water. The State retains the right to regulate the use of water granted herein at any and all times.

* The right will cease to exist upon termination of clean up activity as determined by the Nevada Division of Environmental Protection.

This permit does not extend the permittee the right of ingress and egress on public, private or corporate lands.

The issuance of this permit does not waive the requirements that the permit holder obtain other permits from State, Federal and local agencies.

(CONTINUED ON PAGE 2)

The amount of water to be appropriated shall be limited to the amount which can be applied to beneficial use, and not to exceed 0.111 cubic feet per second, but not to exceed 26.28 million gallons annually.

Work must be prosecuted with reasonable diligence and be completed on or before

Proof of completion of work shall be filed before

Application of water to beneficial use shall be filed on or before

Proof of the application of water to beneficial use shall be filed on or before *

Map in support of proof of beneficial use shall be filed on or before

Completion of work filed IN TESTIMONY WHEREOF, I, R. MICHAEL TURNIPSEED, P.E.
State Engineer of Nevada, have hereunto set my hand and the seal of my

Proof of beneficial use filed office, this 2nd day of October

[Signature] P.E. STATE ENGINEER

(PERMIT TERMS CONTINUED)

A monthly report shall be submitted to the State Engineer within 10 days from the end of each month which shall include the amount of water pumped from the well and the amount of water used.

No irrigation use is authorized.

The permittee shall discharge water in a manner and in allocation calculated to conserve water. All disposal sites shall be first approved by the State Engineer.

This permit is issued pursuant to the provisions of NRS 533.4375. Well drillers reports for any well(s) drilled under this permit shall be filed within 30 days from the completion of the well.

Within 30 days after the completion of the project, the permittee shall notify the State Engineer of such completion and all wells shall be plugged and abandoned in accordance with Chapter 534 of the Nevada Administrative Code.
