APPROVAL OF STATE ENGINEER

This is to certify that I have examined the foregoing application, and do hereby grant the same, subject to the following limitations and conditions:

This temporary permit to change the place and manner of use of a portion of the waters of an underground source as heretofore granted under Permit 28821, Certificate 10824 is issued subject to the terms and conditions imposed in said Permit 28821, Certificate 10824 and with the understanding that no other rights on the source will be affected by the change proposed herein. The well shall be equipped with a 2-inch opening and a totalizing meter must be installed and maintained in the discharge pipeline near the point of diversion and accurate measurements must be kept of water placed to beneficial use. The totalizing meter must be installed before any use of the water begins or before the proof of completion of work is filed. If the well is flowing, a valve must be installed and maintained to prevent waste. This source is located within an area designated by the State Engineer pursuant to NRS 534.030. The State retains the right to regulate the use of the water herein granted at any and all times.

This temporary permit does not extend the permittee the right of ingress and egress on public, private or corporate lands.

The issuance of this permit does not waive the requirements that the permit holder obtain other permits from State, Federal and local agencies.

A measuring device must be installed and accurate measurements must be taken of the diversion from the South Side Ditch.

(CONTINUED ON PAGE 2)

The amount of water to be changed shall be limited to the amount which can be applied to beneficial use, and not to exceed..... 0.628cubic feet per second, but not to exceed 107.72 acre-feet annually.

Work must be prosecuted with reasonable diligence and be completed on or before.....

Proof of completion of work shall be filed before.....

Application of water to beneficial use shall be made on or before.....

Proof of the application of water to beneficial use shall be filed on or before.....

Map in support of proof of beneficial use shall be filed on or before.....

Completion of work filed.....

Proof of beneficial use filed.....

Cultural map filed.....

Certificate No..... Issued.....

IN TESTIMONY WHEREOF, I, R. MICHAEL TURNIPSEED, P.E. State Engineer of Nevada, have hereunto set my hand and the seal of my

office, this 21st day of June

A.D. 19 93

State Engineer

TEMPORARY

EXPIRED

DATE NOV 30 1993

TEMPORARYAPPLICATION FOR PERMISSION TO CHANGE MANNER
OF USE AND PLACE OF USE OF THE PUBLIC WATERS OF THE
STATE OF NEVADA HERETOFORE APPROPRIATED

APPLICANT: Airport Authority of Washoe County
REGARDING: Permit 28821/Certificate 10824

15. Remarks:

Due to the severe drought, dust generation has been increasing at the Reno/Cannon International Airport. Therefore, establishment of dust mitigation vegetation is imperative.

Water, for irrigation of approximately 206.5 acres of dust mitigation/vegetation between runways 16L and 16R, will be diverted from the Southside drain near the Air Guard (See Map attached); this water will be replaced downstream by water pumped from the Authority Brookside Golf Course well (28821/10824) to a drainage channel which terminates at the Boynton Slough, the same as the Eastside drain. Therefore, no downstream water rights are impacted.

(PERMIT TERMS CONTINUED)

A monthly report shall be submitted to the State Engineer and the Federal Water Master within 10 days from the end of each month which shall include the amount of water pumped from both the well and the South Side Ditch.

A measuring device must be installed and accurate measurements must be taken of the amount of water placed in the Boynton Slough.

Any water diverted from the South Side Ditch must be replaced by the well water to Boynton Slough at the same time.

The period of use of this permit is limited to April 1 to November 30th of each year.

This temporary permit is issued pursuant to the provisions of NRS 533.345 Section 2 and will expire on November 30, 1993 at which time all rights herein granted shall revert to the right being changed by this temporary permit.
