

APPLICATION FOR PERMIT TO APPROPRIATE THE PUBLIC WATERS OF THE STATE OF NEVADA

DEC - 9 1993

Date of filing in State Engineer's Office

Returned to applicant for correction

Corrected application filed

Map filed DEC - 9 1993

The applicant s Mr. Joe Reghetti and Mr. Don Otten

500 Glendale Avenue Sparks, Nevada 89431

hereby make application for permission to appropriate the public waters of the State of Nevada, as hereinafter stated.

1. The source of the proposed appropriation is shallow ground water

2. The amount of water applied for is 0.0279 second-feet

(a) If stored in reservoir give number of acre-feet

3. The water to be used for environmental clean up

4. If use is for:

(a) Irrigation, state number of acres to be irrigated

(b) Stockwater, state number and kinds of animals to be watered

(c) Other use (describe fully under No. 12. "Remarks")

(d) Power:

(1) Horsepower developed

(2) Point of return of water to stream

5. The water is to be diverted from its source at the following point within the SE 1/4 of the NE 1/4 of Section 11, Township 19 North, Range 19 East, Mount Diablo Meridian from which point the northeast corner of said Section survey, and by course and distance to a section corner. If on unsurveyed land, it should be so stated. 11 bears: North 29°43'10" East, 1794 feet Well M-8; and North 28°44'40" East, 1825 feet Well M-9.

6. Place of use within a portion of the SE 1/4 of the NE 1/4 of Section 11, Township 19 North, Range 19 East, Mount Diablo Meridian, specifically Washoe County Assessors Parcel No. 070-311-09.

7. Use will begin about January 1 and end about December 31, of each year.

8. Description of proposed works. (Under the provisions of NRS 535.010 you may be required to submit plans and specifications of your diversion or storage works.) Ground water will be pumped from two drilled ground water recovery wells.

9. Estimated cost of works..... \$200,000

10. Estimated time required to construct works..... Shallow ground water recovery wells (2) are completed. If well completed, describe works.

11. Estimated time required to complete the application of water to beneficial use..... 2 years - This will be based upon monitoring (sampling) results of ground water.

12. Remarks: For use other than irrigation or stock watering, state number and type of units to be served or annual consumptive use:

Shallow ground water is to be pumped from 2 shallow ground recovery wells, passed through an air stripping tower then through granular activated carbon for removal of petroleum hydrocarbons. The treated ground water will then be discharged to the storm water system. The estimated volume of water that will be treated is 878,342 cubic feet/year.

APPROVAL OF STATE ENGINEER

This is to certify that I have examined the foregoing application, and do hereby grant the same, subject to the following limitations and conditions:

This permit is issued subject to existing rights on the source. It is understood that the amount of water herein granted is only a temporary allowance for pollution control as mandated by orders issued by the Nevada Division of Environmental Protection and subsequent correspondence with said agency. A totalizing meter must be installed and maintained in the discharge pipeline near the point of diversion. It is also understood that this right must allow for a reasonable lowering of the static water level of permittee's well due to other ground water development in the area. The well shall be equipped with a 2-inch opening for measuring depth to water. The State retains the right to regulate the use of water granted herein at any and all times.

* The right will cease to exist upon termination of clean up activity as determined by the Nevada Division of Environmental Protection.

Monthly records shall be kept of the amount of water pumped from this well and the records submitted to the State Engineer on a quarterly basis within 15 days after the end of each calendar quarter.

(CONTINUED ON PAGE 2)

The amount of water to be appropriated shall be limited to the amount which can be applied to beneficial use, and not to exceed 0.0279 cubic feet per second, but not to exceed 20.16 acre-feet annually.

Work must be prosecuted with reasonable diligence and be completed on or before

Proof of completion of work shall be filed before

Application of water to beneficial use shall be filed on or before

Proof of the application of water to beneficial use shall be filed on or before

Map in support of proof of beneficial use shall be filed on or before

Certificate No. Issued

IN TESTIMONY WHEREOF, I, R. MICHAEL TURNIPSEED, P.E. State Engineer of Nevada, have hereunto set my hand and the seal of my

office, this 14th day of January

A.D. 1994

[Signature] State Engineer

ENVIRONMENTAL

(PERMIT TERMS CONTINUED)

This permit does not extend the permittee the right of ingress and egress on public, private or corporate lands.

The issuance of this permit does not waive the requirements that the permit holder obtain other permits from State, Federal and local agencies.

This permit is issued pursuant to the provisions of NRS 533.4375. Well drillers reports for any well(s) drilled under this permit shall be filed within 30 days from the completion of the well.

Within 30 days after the completion of the project, the permittee shall notify the State Engineer of such completion and all wells shall be plugged and abandoned in accordance with Chapter 534 of the Nevada Administrative Code.
