APPROVAL OF STATE ENGINEER

This is to certify that I have examined the foregoing application, and do hereby grant the same, subject to the following limitations and conditions:

This permit to change the place of use of the waters of an underground source as heretofore granted under Permit 54683 is issued subject to the terms and conditions imposed in said Permit 54683 and with the understanding that no other rights on the source will be affected by the change proposed herein. The well shall be equipped with a 2-inch opening for measuring depth to water. If well is flowing, a valve must be installed and maintained to prevent waste. The State retains the right to regulate the use of water herein granted at any and all times but does not take responsibility for the use of the Federal range.

This permit does not extend the permittee the right of ingress and egress on public, private or corporate lands.

The issuance of this permit does not waive the requirements that the permit holder obtain other permits from State, Federal and local agencies.

The amount of water to be changed shall be limited to the amount which can be applied to beneficial use, and not to exceed 0.0094 cubic feet per second, or sufficient to water 300 head of cattle.

Work must be prosecuted with reasonable diligence and be completed on or before January 25, 1997

Proof of completion of work shall be filed before February 25, 1997

Application of water to beneficial use shall be made on or before January 25, 1999

Proof of the application of water to beneficial use shall be filed on or before February 25, 1999

Map in support of proof of beneficial use shall be filed on or before N/A

Completion of work filed DEC 08 1996

Proof of beneficial use filed MAR 01 1999
