

APPLICATION FOR PERMIT TO APPROPRIATE THE PUBLIC WATERS OF THE STATE OF NEVADA

Date of filing in State Engineer's Office. NOV 2 1994

Returned to applicant for correction.

Corrected application filed.

Map filed. NOV 2 1994

The applicant. Western Energetix Corporation

P. O. Box 822, of Reno, Nevada

hereby make application for permission to appropriate the public waters of the State of Nevada, as hereinafter stated.

(If applicant is a corporation, give date and place of incorporation; if a copartnership or association, give names of members.) May 27, 1983 Washoe County, Nevada

1. The source of the proposed appropriation is. shallow ground water

2. The amount of water applied for is. 0.0223 CFS

(a) If stored in reservoir give number of acre-feet.

3. The water to be used for. environmental cleanup

4. If use is for:

(a) Irrigation, state number of acres to be irrigated.

(b) Stockwater, state number and kinds of animals to be watered.

(c) Other use (describe fully under No. 12. "Remarks")

(d) Power:

(1) Horsepower developed.

(2) Point of return of water to stream.

5. The water is to be diverted from its source at the following point. within SW 1/4 of SE 1/4 of Section 11 Township 19 North, Range 19 East, M.D.M. at a point from which the south

corner of said Section 11 bears South 30°55' West, 495 feet (Well#3) and South 36°28' West, 430 feet (Well #5) APN 011-156-16

6. Place of use. within the Sw 1/4 of SE 1/4 of Section 11, Township 19 North, Range 19 East, M.D.M. Washoe County Assessors Parcel No. 011-156-16

7. Use will begin about January 1 and end about December 31, of each year.

8. Description of proposed works. (Under the provisions of NRS 535.010 you may be required to submit plans and specifications of your diversion or storage works.) 2 drilled ground water recovery wells and pump

State manner in which water is to be diverted, i.e. diversion structure, ditches and flumes, drilled well with pump and motor, etc.

9. Estimated cost of works..... \$200,000.00

10. Estimated time required to construct works..... ground water wells are complete - remainder of works will require 1 month to complete

11. Estimated time required to complete the application of water to beneficial use..... two years based on monitoring results of ground water treatment

12. Remarks: For use other than irrigation or stock watering, state number and type of units to be served or annual consumptive use:
Shallow ground water will be pumped from 2 shallow wells; petroleum hydrocarbons will be destroyed by passing contaminated water through a pump and treat system. Treated water will be discharged to the storm drain system. Estimated volume to treated - 5,256,000 gallons per year.

APPROVAL OF STATE ENGINEER

This is to certify that I have examined the foregoing application, and do hereby grant the same, subject to the following limitations and conditions:
This permit is issued subject to existing rights on the source. It is understood that the amount of water herein granted is only a temporary allowance for pollution control as mandated by orders issued by the Nevada Division of Environmental Protection and subsequent correspondence with said agency. A totalizing meter must be installed and maintained in the discharge pipeline near the point of diversion and records of this measurement shall be submitted on an annual basis. It is also understood that this right must allow for a reasonable lowering of the static water level of permittee's well due to other ground water development in the area. The well shall be equipped with a 2-inch opening for measuring depth to water. The State retains the right to regulate the use of water granted herein at any and all times.
* The right will cease to exist upon termination of clean up activity as determined by the Nevada Division of Environmental Protection.
(CONTINUED ON PAGE 2)

The amount of water to be appropriated shall be limited to the amount which can be applied to beneficial use, and not to exceed 0.0223 cubic feet per second, but not to exceed 16.13 acre-feet annually.

- Work must be prosecuted with reasonable diligence and be completed on or before *
Proof of completion of work shall be filed before *
Application of water to beneficial use shall be filed on or before *
Proof of the application of water to beneficial use shall be filed on or before *
Map in support of proof of beneficial use shall be filed on or before *

Completion of work filed.....
Proof of beneficial use filed.....
Cultural map filed.....
Certificate No..... Issued.....

IN TESTIMONY WHEREOF, I, R. MICHAEL TURNIPSEED, P. E.
State Engineer of Nevada, have hereunto set my hand and the seal of my office, this 19th day of January, A.D. 1995
[Signature]
State Engineer

(PERMIT TERMS CONTINUED)

Monthly records shall be kept of the amount of water pumped from this well and the records submitted to the State Engineer on a quarterly basis within 15 days after the end of each calendar quarter.

This permit does not extend the permittee the right of ingress and egress on public, private or corporate lands.

The issuance of this permit does not waive the requirements that the permit holder obtain other permits from State, Federal and local agencies.

This permit is issued pursuant to the provisions of NRS 533.4375. Well drillers reports for any well(s) drilled under this permit shall be filed within 30 days from completion of the well.

Within 30 days after the completion of the project, the permittee shall notify the State Engineer of such completion and all wells shall be plugged and abandoned in accordance with Chapter 534 of the Nevada Administrative Code.
