APPROVAL
OF STATE ENGINEER

This is to certify that I have examined the foregoing application, and do hereby grant the same, subject to the following limitations and conditions:

This permit to change the point of diversion and place of use of the waters of Lake Tahoe heretofore granted under Permit 48717, Certificate 13348 is issued subject to the terms and conditions imposed in said Permit 48717, Certificate 13348 and with the understanding that no other rights at the source shall be affected by the change proposed herein. A totalizing meter must be installed in the discharge pipeline near the point of diversion and accurate measurements must be kept of water placed to a beneficial use. This permit is subject to the final allocation of the State of Nevada under the Calif.-Nev.-Interstate Compact Commission. The State retains the right to regulate the use of the water herein granted at any and all times.

This permit does not extend the permittee the right of ingress and egress on public, private or corporate lands.

The total combined duty of water under Permits 60901, 60902, 60903, 60904, 60905, 60906, 60907, 60908 and 60909 shall not exceed 152.049 million gallons annually.

The issuance of this permit does not waive the requirements that the permit holder obtain other permits from State, Federal and local agencies.

Monthly records must be kept of the water pumped from Lake Tahoe and placed to beneficial use and the records submitted to the State Engineer on a quarterly basis within 15 days after the end of each calendar quarter.

The amount of water to be changed shall be limited to the amount which can be applied to beneficial use, and not to exceed 0.64227 cubic feet per second, but not to exceed 28.060 million gallons annually.

Work must be prosecuted with reasonable diligence and be completed on or before October 16, 1997

Proof of completion of work shall be filed before November 16, 1997

Application of water to beneficial use shall be made on or before October 16, 2000

Proof of the application of water to beneficial use shall be filed on or before November 16, 2000

Map in support of proof of beneficial use shall be filed on or before N/A

Completion of work filed DEC 19 1997

ATTACHMENT

Item 5

The point of diversion is in Lake Tahoe and a public survey of the Sectional Breakdown in the Lake is not available. Therefore, the 40-acre subdivision within which the point of diversion is located is not shown.

Item 15

The purpose of this application is to move the water rights previously owned by the Skyland Water Company and now owned by Douglas County so that when the regional water system project combining the Skyland Water System and the Cave Rock Water System is completed the water rights for the new system are in order.

Please use the map filed in support of Permit 48714 to show the existing point of diversion and existing place of use.
