APPROVAL OF STATE ENGINEER

This is to certify that I have examined the foregoing application, and do hereby grant the same, subject to the following limitations and conditions:

This permit to change the point of diversion and place of use of the waters of a spring as heretofore granted under Permit 54148 is issued subject to the terms and conditions imposed in said Permit 54148 and with the understanding that no other rights on the source will be affected by the change proposed herein. A substantial headgate and measuring device must be installed and maintained to facilitate the measurement and control of water. The State reserves the right to regulate the use of the water under this proposed change at any and all times.

This permit does not extend the permittee the right of ingress and egress on public, private or corporate lands.

The issuance of this permit does not waive the requirements that the permit holder obtain other permits from State, Federal and local agencies.

This permit is subject to the condition that the permittee must ensure that wildlife which have customarily used such water will have access thereto, NRS 533.367.

The amount of water to be appropriated shall be limited to the amount which can be applied to beneficial use, and not to exceed 1.0 cubic feet per second, and not to exceed a yearly duty of 4.0 acre-feet per acre of land irrigated from any and/or all sources, but not to exceed 80.0 acre-feet annually.

Work must be prosecuted with reasonable diligence and be completed on or before:

August 4, 1998

Proof of completion of work shall be filed before:

September 4, 1998

Application of water to beneficial use shall be filed on or before:

August 4, 1999

Proof of the application of water to beneficial use shall be filed on or before:

September 4, 1999

Map in support of proof of beneficial use shall be filed on or before:
