APPROVAL OF STATE ENGINEER

This is to certify that I have examined the foregoing application, and do hereby grant the same, subject to the following limitations and conditions:

This permit to change the point of diversion and place of use of a portion of the waters of an underground source as heretofore granted under Permit 18772, Certificate 6117 is issued subject to the terms and conditions imposed in said Permit 18772, Certificate 6117 and with the understanding that no other rights on the source will be affected by the change proposed herein. The well shall be equipped with a 2-inch opening and a totalizing meter must be installed and maintained in the discharge pipeline near the point of diversion and accurate measurements must be kept of water placed to beneficial use. The totalizing meter must be installed before any use of the water begins or before the proof of completion of work is filed. If the well is flowing, a valve must be installed and maintained to prevent waste. This source is located within an area designated by the State Engineer pursuant to NRS 534.030. The State retains the right to regulate the use of the water herein granted at any and all times.

This permit does not extend the permittee the right of ingress and egress on public, private or corporate lands.

The issuance of this permit does not waive the requirements that the permit holder obtain other permits from State, Federal and local agencies.

This permit is limited to the irrigation of one (1) acre of land within the place of use more particularly described as APN 19-071-11 at a duty of 5 acre-feet of water per acre of land. A domestic use component of 2.02 acre-feet per year is included in the total duty of this permit.

The issuance of this permit abrogates that portion of the right under Permit 18772, Certificate 6117 in the name of Jennifer and John McAllister and appurtenant to APN 19-071-11.

Any well drilled under Permit 18772, Certificate 6117 shall be plugged in accordance with the Nevada Administrative Code, Chapter 534.420, "Regulations for Water Well and Related Drilling" within 60 days from the issuance of this permit.

(CONTINUED ON PAGE 2)

The amount of water to be appropriated shall be limited to the amount which can be applied to beneficial use, and not to exceed 0.021 cubic feet per second, **but not to exceed 7.02 acre-feet annually, and not to exceed a yearly duty of 5.0 acre-feet per acre of land irrigated from any and/or all sources.**

Work must be prosecuted with reasonable diligence and be completed on or before:

July 25, 1999

Proof of completion of work shall be filed before:

August 25, 1999

Application of water to beneficial use shall be filed on or before:

July 25, 2003

Proof of the application of water to beneficial use shall be filed on or before:

August 25, 2003

Map in support of proof of beneficial use shall be filed on or before:

August 25, 2003

IN TESTIMONY WHEREOF, I, R. MICHAEL TURNIPSEED, P.E.,

State Engineer of Nevada, have hereunto set my hand and the seal of my office,

this 25th day of August, A.D. 1998
