APPROVAL OF STATE ENGINEER

This is to certify that I have examined the foregoing application, and do hereby grant the same, subject to the following limitations and conditions:

This permit is issued subject to all existing rights on the source. It is understood that the 0.02 c.f.s., and not to exceed 0.56 acre-feet annually herein granted is only a temporary allowance and that the final water right obtained under this permit will be dependent upon the amount of water actually placed to a beneficial use. A totalizing meter must be installed in the discharge pipeline near the point of diversion and accurate measurements must be kept of water placed to a beneficial use. This permit is subject to the final allocation of the State of Nevada under the California-Nevada Interstate Compact Commission. The State retains the right to regulate the use of the water herein granted at any and all times.

This permit does not extend the permittee the right of ingress and egress on public, private or corporate lands.

The issuance of this permit does not waive the requirements that the permit holder obtain other permits from State, Federal and local agencies.

This permit is issued for a parcel which has had an existing use for over 60 years based on aerial photographs.

The amount of water to be appropriated shall be limited to the amount which can be applied to beneficial use, and not to exceed 0.02 cubic feet per second, and not to exceed 0.56 acre-feet annually.

Work must be prosecuted with reasonable diligence and be completed on or before:

September 4, 1999

Proof of completion of work shall be filed before:

October 4, 1999

Application of water to beneficial use shall be filed on or before:

September 4, 2000

Proof of the application of water to beneficial use shall be filed on or before:

October 4, 2000
