

NO.63936-T

APPLICATION FOR PERMISSION TO CHANGE POINT OF
DIVERSION, MANNER OF USE AND PLACE OF USE OF THE
PUBLIC WATERS OF THE STATE OF NEVADA
HERETOFORE APPROPRIATED

Date of filing in State Engineer's Office MAR 10 1998

Returned to applicant for correction _____

Corrected application filed _____

Map filed JUL 01 1996 UNDER 62118

The applicant **Brady Power Partners**, hereby make application for permission to change the **manner of use and place of use of a portion of water heretofore appropriated under Permit #62118**

1. The source of water is **underground - geothermal**
2. The amount of water to be changed **0.64 cfs**
3. The water to be used for **Commercial (vegetable wash water and dehydration process)**
4. The water heretofore permitted for **industrial and domestic (geothermal power)**
5. The water is to be diverted at the following point **Production well 27-1, SW/4 SW/4 Section 1, T22N, R26E, at a point from which the SW corner Section 1 bears S 49°53'30" W 1119.0'**
6. The existing permitted point of diversion is located within
7. Proposed place of use **S1/2 NW1/4, Section 12, T22N, R26E, MDM, Gilroy Foods Geothermal Food Processor's Plant, or in the SW1/4 SE1/4 Section 1, T22N, R26E, MDM, Brady Geothermal Power Plant.**
8. Existing place of use **Brady Power Partners Geothermal Power Plant, SW1/4 SW1/4 SE1/4 Section 1, T22N, R26E, MDB&M**
9. Use will be from **January 1 to December 31** of each year.
10. Use was permitted from **January 1 to December 31** of each year.
11. Description of proposed works **Existing geothermal production wells and piping to Geothermal Food Processor's Plant.**
12. Estimated cost of works **\$175,000 for pipeline**
13. Estimated time required to construct works **completed**
14. Estimated time required to complete the application of water to beneficial use **none**
15. Remarks: **This change of manner of use and place of use is for temporary purposes to supply geothermal fluid to the Gilroy onion dehydration plant, depending on the needs of the onion plant. Remaining fluid would be sent to the Brady Power Plant as provided under the existing permit.**

APPROVAL OF STATE ENGINEER

This is to certify that I have examined the foregoing application, and do hereby grant the same, subject to the following limitations and conditions:

This temporary permit to change the place and manner of use of a portion of the geothermal fluid heretofore granted under Permit 62118 is issued subject to the terms and conditions imposed in said Permit 62118 and with the understanding that no other rights on the source will be affected by the change proposed herein.

This temporary permit is issued subject to existing rights. It is understood that the amount of geothermal fluid herein granted is only a temporary allowance and that the final water right obtained under this permit will be dependent upon the amount actually placed to beneficial use. It is also understood that this right must allow for a reasonable decrease of fluid pressure and heat. The well shall be equipped and maintained to prevent any waste of the geothermal fluid. Accurate measurements must be kept of discharge of the production well and the amount of fluid injected into the injection well to determine the total amount of fluid diverted and consumed for a beneficial use.

The production and injection well are to be cemented from the producing levels to the surface to protect fresh water zones. This permit is issued subject to the condition that only geothermal fluids are to be diverted and used beneficially for heating purposes and fresh, cold water aquifers are not to be diverted. The used geothermal fluids are to be returned to the source via the injection well. The issuance of this permit does not waive the requirements that the permit holder obtain other permits from State, Federal and local agencies.

A report for this well must be filed under this permit describing the amount of geothermal fluid diverted and consumed to a beneficial use for the duration of this permit. This report must detail the amount of fluid produced, injected and delivered to Gilroy Foods, Inc.

The total combined withdrawal of the geothermal fluid under Permits 57238, 57239, 57240, 57241, 57243, 57245, 57286, 57287, 57288, 57289, 57290, 57291, 57292, 57293, 57295, 57296, 57297, 60930, 60931, 62118, 63932-T, 63933-T, 63934-T, 63935-T, and 63936-T shall be limited to 19,572.0 acre-feet per year withdrawal but the total consumptive use of the geothermal fluid is limited to 4,276.0 acre-feet per year. The State Engineer does not waive the right to make a determination of incidental fluid losses at any time and impose additional conditions thereto. This permit is further issued subject to the provisions of NRS 533.372(1) and with the understanding that the power or energy generated by the beneficial use of this water or steam is subject to recapture and use within the boundaries of the State of Nevada when the need arises.

This temporary permit is further issued subject to the agreements executed by and between Gilroy Foods, Inc. and Brady Hot Springs Geothermal Associates dated December 18, 1987; Gilroy Foods, Inc. and Nevada Geothermal Power Partners, Limited Partnership dated February 1, 1991; and the State Engineer's Ruling No. 3894 dated June 26, 1992.

The total combined diversion rate of Permits 63932-T, 63933-T, 63934-T, 63935-T and 63936-T shall not exceed 3.2 cfs.

This temporary permit is issued pursuant to the provisions of NRS 533.345 Section 2 and will expire on May 18, 1999 at which time all rights herein granted shall revert to the right being changed by this temporary permit.

This temporary permit does not extend the permittee the right of ingress and egress on public, private or corporate lands.

(CONTINUED ON PAGE 2)

The amount of water to be appropriated shall be limited to the amount which can be applied to beneficial use, and not to exceed 0.64 cubic feet per second.

Work must be prosecuted with reasonable diligence and be completed on or before:

Proof of completion of work shall be filed before:

Application of water to beneficial use shall be filed on or before:

Proof of the application of water to beneficial use shall be filed on or before:

Map in support of proof of beneficial use shall be filed on or before:

TEMPORARY

IN TESTIMONY WHEREOF, I, R. MICHAEL TURNIPSEED, P.E.,

State Engineer of Nevada, have hereunto set
my hand and the seal of my office,

this 19th day of May, A.D. 1998

State Engineer

EXPIRED

DATE MAY 18 1999
