EXHIBIT "C"**Question 15, Remarks:**

The purpose of this Application is to Change the Point of Diversion of the Schroder-Highland Ditch due to the abandonment of said ditch, where it runs through the Silveranch Subdivision within the S $\frac{1}{2}$ of the SW $\frac{1}{4}$ Section 9, T. 12 N., R. 20 E. A new headgate has been constructed within the Edna-Wilslef Ditch, approximately at the point where said ditch crosses the south line of the SE $\frac{1}{4}$ SW $\frac{1}{4}$ of Section 9. This allowed the realignment of the Schroder-Highland Ditch from said headgate, along the south line of Section 9 through portions of the SE $\frac{1}{4}$ SW $\frac{1}{4}$, SW $\frac{1}{4}$ SW $\frac{1}{4}$ and connecting with the existing remaining portion of the Schroder-Highland Ditch, continuing service to all downstream users within Section 8 and Section 9, T. 12 N., R. 20 E., as decreed.

For the Proposed and Existing Point of Diversion, please refer to the Map on file under the Carson River Decree.

For the Proposed and Existing Place of Use, please refer to the Map on file under Carson River Claims, Drawing No. CR-045. & CR-036. *H per telecon 8.3.00*
