Protested _____

APPROVAL OF STATE ENGINEER

This is to certify that I have examined the foregoing application, and do hereby grant the same, subject to the following limitations and conditions:

This permit to change the place of use of the waters of an underground source as heretofore granted under Permit 61311 is issued subject to the terms and conditions imposed in said Permit 61311 and with the understanding that no other rights on the source will be affected by the change proposed herein. The well shall be equipped with a 2-inch opening and a totalizing meter must be installed and maintained in the discharge pipeline near the point of diversion and accurate measurements must be kept of water placed to beneficial use. The totalizing meter must be installed before any use of the water begins or before the proof of completion of work is filed. If the well is flowing, a valve must be installed and maintained to prevent waste. This source is located within an area designated by the State Engineer pursuant to NRS 534.030. The State retains the right to regulate the use of the water herein granted at any and all times.

This permit does not extend the permittee the right of ingress and egress on public, private or corporate lands.

The well must be sealed with cement grout, concrete grout or neat cement from ground level to 100 feet.

The issuance of this permit does not waive the requirements that the permit holder obtain other permits from State, Federal and local agencies.

Monthly records shall be kept of the water pumped from the well under this permit and the well under Permits 39806, 51079, 51080, 51096 and 51097 and the well under Permit 66050 and any subsequent rights added to any of these wells. The records shall be submitted to the State Engineer on a quarterly basis within 15 days after the end of each calendar quarter.

The total combined duty of water under Permits 39806, Certificate 11277; 51079, Certificate 14167; 51080, Certificate 14168; 51096, Certificate 14169, 51097, Certificate 14170; 58801, Certificate 14609; 66050, 67883, 69039, 69040 and 69041 shall not exceed 71.903 million gallons annually.

(CONTINUED ON PAGE 3)

The amount of water to be appropriated shall be limited to the amount which can be applied to beneficial use, and not to exceed 0.128 cubic feet per second, but not to exceed 30.88 acre-feet annually.

Work must be prosecuted with reasonable diligence and be completed on or before:

N/A

Proof of completion of work shall be filed on or before:

N/A

Water must be placed to beneficial use on or before:

October 22, 2007

Proof of the application of water to beneficial use shall be filed on or before:

November 22, 2007

Map in support of proof of beneficial use shall be filed on or before:

N/A
