APPROVAL OF STATE ENGINEER

This is to certify that I have examined the foregoing application, and do hereby grant the same, subject to the following limitations and conditions:

This secondary permit is issued subject to the terms and conditions of Permit 69734.

This secondary permit is issued subject to the existing rights. This secondary permit is issued subject to the terms, conditions and irrigation period imposed in said Final Decree and with the understanding that no other rights on the source will be affected by the change proposed herein.

It is understood that the amount of water herein granted is only a temporary allowance and that the final water right obtained under this permit will be dependent upon the actual quantity of water diverted and placed to beneficial use.

This secondary permit is issued under the provisions of NRS 533.440.

This secondary permit does not extend the permittee the right of ingress and egress on public, private or corporate lands.

The issuance of this secondary permit does not waive the requirements that the permit holder obtain other permits from State, Federal and local agencies.

A monthly report shall be submitted to the State Engineer within 10 days from the end of each month which shall include the amount of water diverted and the amount of water used.

(CONTINUED ON PAGE 3)

The amount of water to be changed shall be limited to the amount, which can be applied to beneficial use, and not to exceed 45.4 acre-feet annually.

Work must be prosecuted with reasonable diligence and be completed on or before:

November 17, 2004

Proof of completion of work shall be filed on or before:

December 17, 2004

Water must be placed to beneficial use on or before:

November 17, 2005

Proof of the application of water to beneficial use shall be filed on or before:

December 17, 2005

Map in support of proof of beneficial use shall be filed on or before:
