APPROVAL OF STATE ENGINEER

This is to certify that I have examined the foregoing application, and do hereby grant the same, subject to the following limitations and conditions:

This permit to change the point of diversion and place of use of the waters of Cottonwood Creek as heretofore granted under Permit 40829, Certificate 11728 is issued subject to the terms and conditions imposed in said Permit 40829, Certificate 11728 and with the understanding that no other rights on the source will be affected by the change proposed herein. A substantial headgate and measuring device must be installed and maintained to facilitate the measurement and control of water. The State reserves the right to regulate the use of the water under this proposed change at any and all times.

This permit does not extend the permittee the right of ingress and egress on public, private or corporate lands.

The issuance of this permit does not waive the requirements that the permit holder obtain other permits from State, Federal and local agencies.

This permit is issued for the irrigation of 6.10 acres within the described place of use.

Diversion structures located within Cottonwood Creek must have a provision to allow all flow in excess of the permitted diversion to by-pass the structures. Measuring devices must be installed and maintained upstream of the new point of diversion and downstream of the previous point of diversion. Records must be kept of the flow measurements gained by reading the measuring devices.

(CONTINUED ON PAGE 3)

The amount of water to be appropriated shall be limited to the amount which can be applied to beneficial use, and not to exceed 0.25 cubic feet per second, but not to exceed 24.4 acre-feet annually, and not to exceed a yearly duty of 4.0 acre-feet per acre of land irrigated from any and/or all sources.

Work must be prosecuted with reasonable diligence and be completed on or before:

October 18, 2006

Proof of completion of work shall be filed on or before:

November 18, 2006

Water must be placed to beneficial use on or before:

October 18, 2009

Proof of the application of water to beneficial use shall be filed on or before:

November 18, 2009
