APPROVAL OF STATE ENGINEER

This permit to change the point of diversion and place of use of the waters of an underground source as heretofore granted under Permit 57338, Certificate 15411 is issued subject to the terms and conditions imposed in said Permit 57338, Certificate 15411 and with the understanding that no other rights on the source will be affected by the change proposed herein. The well shall be equipped with a 2-inch opening and a totalizing meter must be installed and maintained in the discharge pipeline near the point of diversion and accurate measurements must be kept of water placed to beneficial use. The totalizing meter must be installed before any use of the water begins or before the proof of completion of work is filed. If the well is flowing, a valve must be installed and maintained to prevent waste. This source is located within an area designated by the State Engineer pursuant to NRS 534.030. The State retains the right to regulate the use of the water herein granted at any and all times.

This permit does not extend the permittee the right of ingress and egress on public, private or corporate lands.

The issuance of this permit does not waive the requirements that the permit holder obtain other permits from State, Federal and local agencies.

If any water under this permit is cancelled, withdrawn, or any water is not put to beneficial use, it will revert to the groundwater source and not back to the base water right.

The total combined duty of water under Permits 72953, 72954, 72955 and 72956 shall not exceed 13.0 acre-feet annually.

(Continued on Page 2)

Permit 72956 is granted to provide commercial water service to a parcel described as Nye County Assessor's Parcel (APN) 27-741-04.

The point of diversion and place of use are as described on the submitted application to support this permit.

The amount of water to be appropriated shall be limited to the amount which can be applied to beneficial use, **and not to exceed 0.005 cubic feet per second and not to exceed 0.50 acre-feet annually.**

Work must be prosecuted with reasonable diligence and proof of completion of work shall be filed on or before:

May 14, 2007

Water must be placed to beneficial use and proof of the application of water to beneficial use shall be filed on or before:

May 14, 2011
