#### APPROVAL OF STATE ENGINEER

This is to certify that I have examined the submitted application, and do hereby grant the same, subject to the following limitations and conditions:

This secondary permit is issued subject to the provisions of NRS 533.440. This permit is for municipal use at the points of diversion identified in Exhibit A of the application and is subject to the terms and conditions under primary Permit 73799. This permit is issued subject to the continuing jurisdiction and regulation by the State Engineer and the Federal Water Master.

This permit is issued subject to existing rights.

This permit does not extend the permittee the right of ingress and egress on public, private or corporate lands.

The issuance of this permit does not waive the requirements that the permit holder obtain other permits from State, Federal and local agencies.

The point of diversion and place of use are as described on the submitted application to support this permit.

## 12. Remarks:

This application is filed as part of the implementation of the operating agreement described in Section 205(a) of Public Law 101-618, which operating agreement is referred to as the Truckee River Operating Agreement. This Secondary Application is filed for permission to use for municipal and domestic purposes water stored pursuant to Primary Application No. 73799 at the places of use described herein. It is one of four applications for secondary permits to be issued under Primary Application No. 73799. It is filed pursuant to Interim Order No. 1 issued by the Nevada State Engineer on September 10, 2008. The number of acre feet listed in response to number 2(a) is the full amount of the water right being changed under Primary Application No. 73799.

Any secondary permit issued under this application shall enter into effect simultaneously with the entry into effect of the Truckee River Operating Agreement.
